BWM ATK 102 Minor – Naturstein

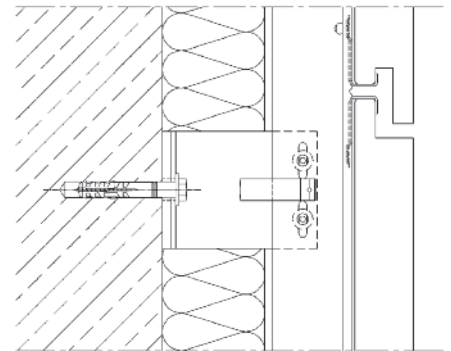

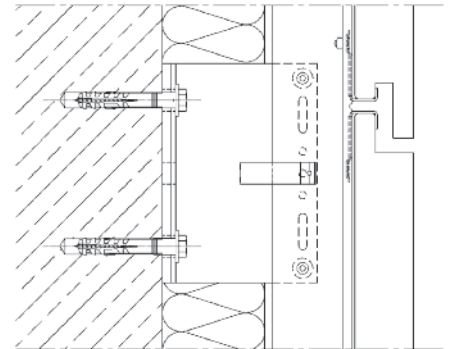

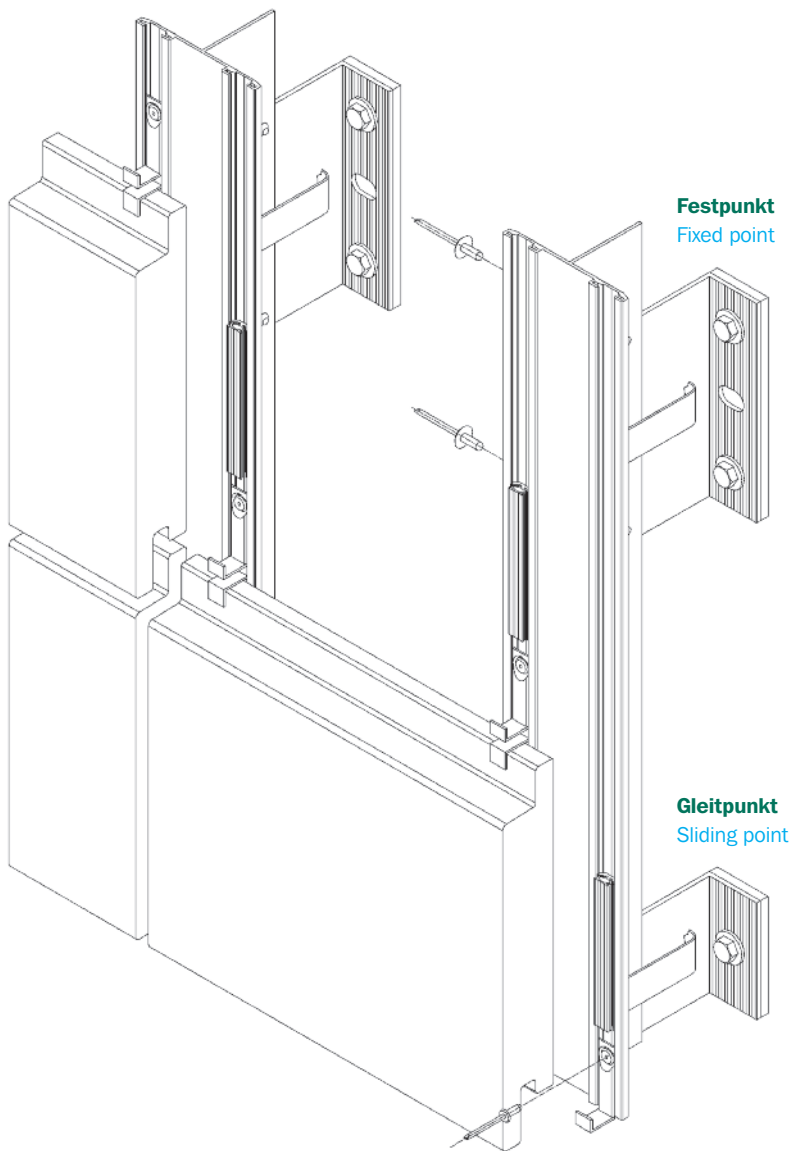

BWM ATK 102 Minor – Natural stone

Profilierte Natursteinplatten, verdeckte Klammerbefestigung

Profiled natural stone panels, hidden clamp fixing

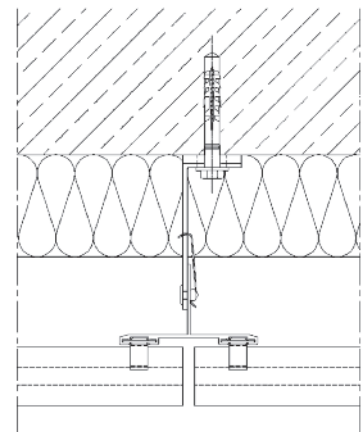

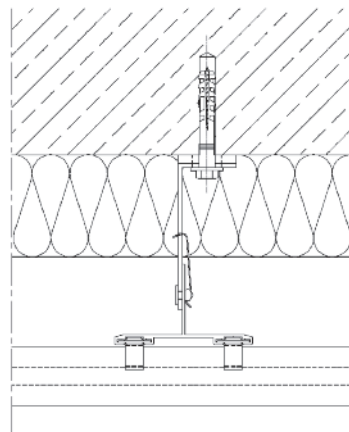

Vertikalschnitt

Vertical section

Horizontalschnitt

Horizontal section

Die Vorteile

Benefits

- verdeckte Klammerbefestigung von profilierten Natursteinplatten
- Klammern aus nichtrostendem Stahl A4
- Natursteinplatten einfach austauschbar
- wirtschaftliche Montage
- kein Bauteil, sondern ein komplettes System
- alle Dämmstoffdicken möglich
- geringe punktuelle Wärmebrückenwirkung erzielbar

- hidden clamp fixing of profiled natural stone panels
- clamps made of stainless steel A4
- easy replacement of natural stone panels
- economical installation
- no component, but a complete system
- applicable for all insulation thicknesses
- low punctual thermal bridges practicable
